LEO CLUB

From 10 to 12 September, our Leo members embarked on an unforgettable camp at **Far and Wide** in the scenic Nyanga mountains. The camp provided an excellent platform for personal growth, team bonding, and leadership development. Through a series of outdoor challenges, workshops, and group activities, participants learned the true value of teamwork, communication, and resilience.

One of the key takeaways was the importance of stepping out of comfort zones to lead with confidence and collaborate effectively. The experience not only strengthened friendships but also equipped our Leos with practical skills they'll carry forward in their leadership journeys.

“Leadership isn't about being in charge it's about taking care of those in your charge. This camp taught them how to lead by listening, learning, and lifting others up.”
